Cloud Security Starter Pack

Secure AWS, Azure, or GCP in 2 Weeks

One-time Project • $999 • Premium Hardening

1. INTRODUCTION

The Cloud Security Starter Pack provides startups, SaaS teams, and scaling businesses with a fully hardened, well-documented cloud environment aligned with industry best practices.

2. WHO THIS PACKAGE IS FOR

- Startups preparing for growth
- SaaS platforms handling customer data
- MVP teams needing secure-by-default infrastructure
- Companies preparing for SOC 2 / ISO 27001
- Teams lacking full-time security engineers

3. WHAT YOU GET (EXPANDED)

Hardened Cloud Environment — IAM, MFA, logging, monitoring, encryption, and more.
Logging & Monitoring Baseline — Full tracking of sensitive events.
Hardening Checklist — Before/after comparison of all improvements.
Architecture Review — Analysis of networking, identities, storage, and compute.
Compliance Readiness Summary — SOC 2 and ISO alignment overview.
Final Handover Call — Full walkthrough with your technical owner.

4. SECURITY ROADMAP — VISUAL TIMELINE

5. DETAILED 5-PHASE WORKFLOW

Phase 1 — Kickoff & Access Setup
Define scope, establish secure access.

Phase 2 — Discovery
Review IAM, VPC, storage, compute, secrets, logs.

Phase 3 — Hardening
Fix misconfigurations, enforce MFA, configure logs, lock networks.

Phase 4 — Validation
Align with SOC 2, ISO 27001, CIS benchmarks.

Phase 5 — Handover
Documentation + future 30/60/90 roadmap.

6. TECHNICAL DETAILS PER CLOUD SERVICE

Area	Details Included

Identity & Access	IAM hardening, MFA, least privilege
Storage Security	Bucket protection, encryption, access removal
Network Security	VPC, subnet isolation, firewall rule analysis
Compute Security	VM/GKE checks, SSH restriction
Secrets & Keys	KMS review, rotation policy
Monitoring	CloudTrail / Azure Monitor / GCP Logging
Compliance	SOC 2 & ISO readiness summary

7. ENGAGEMENT TERMS — NDA + NO LONG COMMITMENT

Non-Disclosure Agreement (NDA Required)
Before starting any work, Cypentra signs a full NDA with the client to protect all data, access, architecture information, logs, and sensitive details.

No activities begin until NDA is fully signed.

No Long-Term Commitment
This package is a one-time engagement with no contracts, no ongoing obligations, and no forced subscriptions. You only pay once for the entire project.

8. WHY CHOOSE CYPENTRA

• Industry-level expertise
• Startup-friendly approach
• Clear and investor-ready documentation
• Transparent, fixed pricing
• Fast completion within 2 weeks
